Cardiac CT Service

We are now offering a mobile Cardiac CT scanning service once a month, to run alongside our usual weekly CT service.

We will be undertaking CT Coronary Angiography and Calcium Scoring, under the direction of a Cardiologist.

These scans provide detailed images of the heart and coronary arteries. GP requests are accepted via a Cardiologist referral. Quick report turnaround (within a few days) by our Cardiac Radiologist.

For more information on this service please contact our Radiology department on 01743 282504.

To refer patients.

Send your named/unnamed referral direct to us and we will contact your patient. Our Consultant and Services Directory can be found on your local hospital page on our website, nuffieldhealth.com, behind the 'refer a patient' button.

OUR PRICES ARE ALL-INCLUSIVE*

Your patients confirmed price is all they'll ever pay

WE WILL EQUAL ANY COMPARABLE PRICE**

If your patients find a better price for the same procedure package, we'll match it

THERE ARE NO TIME LIMITS ON THEIR AFTERCARE***

We'll be there for as long as your patients need us

*Initial consultation(s), diagnostic scans/tests and investigations required to establish a diagnosis are not part of your patients procedure price.
**Not including Private Patient Units at NHS hospitals. Local area defined as within 15 miles of your patients chosen Nuffield Health hospital.
We will match against written quotes only. ***Where necessary, we promise to assist your patients to receive any follow up advice, treatment or care that is clinically required. Where a prosthesis is required for your patients procedure, this is guaranteed for the manufacturer's expected prosthesis lifetime. Clinically required indicates where further intervention and/or monitoring of your patients condition is deemed necessary as a direct result of your patients procedure. The Nuffield Health Promise applies to your patients paying for themselves and excludes fertility services.

Not-for-Profit.

As a not-for-profit organisation, with no shareholders, we are able to reinvest all our income back into improving the health and wellbeing services and expertise we provide. This results in accessible, innovative ways for people to get and stay healthy, from our free 'meet our expert' events to our leading wellbeing and clinical research.

NHS e-Referral Service.

Your patients can be referred to Nuffield Health hospitals via **the NHS e-Referral Service**. You and your patients can select the most convenient time, date and place of treatment for those NHS services that we have currently listed on the NHS e-Referral Service web portal.

Raising Funds for Severn Hospice

The winning team of this year Annual Charity Quiz Evening

On 17th May 2018, Nuffield Health Shrewsbury Hospital hosted its Annual Charity Quiz Evening.

19 teams battled their way through 10 rounds of questions prepared by quiz master Mr Chris Symes. Teams featured staff from the hospital as well as GPs, consultants, dentists, friends and families! Debbie Williams a member of the hospital's administration team and 'The Harmer Hillbillies' retained their crown from 2017.

Mike Haffenden, Nuffield Health Shrewsbury Hospital Director comments: "We have worked with Severn Hospice for many years and we are delighted that for the 2nd year in a row we have raised over £1000 for the charity at this annual event. This year's grand total was £1,007 and my thanks go to the team for arranging such a fantastic event."

On Sunday 10th June a team of Customer Service Advisors and admin staff manned the green paint station at the Severn Hospice Colour run in Telford Town Park. The team had a great day and from the pictures I am not sure who was more covered in paint – the runners or the Nuffield Health team!
